Dear Office of Petitions:

A Renewed Petition under 37 CFR 1.378(c) was submitted by fax on January 17, 2013, following the Request for Information mailed January 11, 2013, in response to the petition filed October 31, 2012.

Although the renewed petition filed January 17, 2013 appears in PAIR in the Transaction History for the above-referenced patent, and the authorized charge of \$25.00 was charged to our deposit account, the renewed petition does not yet appear in the Image File Wrapper for this patent.

In a telephone conversation on February 26, 2013, with Attorney Advisor Charlema Grant, who issued the Request for Information, Ms. Grant advised that we should re-submit a copy of the renewed petition.

Accordingly, we provide the attached copy of the renewed petition submitted on January 17, 2013, for consideration by Ms. Grant.

As requested by Ms. Grant in a telephone conversation held with her on January 17, 2013, the renewed petition has been completed and signed by a registered patent practitioner. Accordingly, we believe that the renewed petition is complete and is fully responsive to the Request for Information.

We do not believe that any fees are due for resubmitting this renewed petition, and it is our understanding, according to information available via the PAIR system, that the authorized amount of \$25.00 was charged on January 23, 2013.

If the Office of Petitions has any questions regarding this paper or the renewed petition, please contact Michael Downs at telephone number (203) 438-6408 or via electronic mail at mdowns@finchamdowns.com.

Respectfully submitted,

February 26, 2013
